Of Spolek absolventů a přátel zemědělské školy v Chrudimi z. s.

NAME FAMILY NAME as Coordinator of the program

Ludmila Kabelová

Thank you for briefly evaluating the services of the partner (DIANSE SL-E.C.L.A.C)

PROGRAM of VISITS and ACTIVITIES

The whole our program was very carefully prepared before our arrival to Spain. During the days from 10th to 17th of March, 2018 we visited many interesting companies and organizations connected with the agricultural topics and financial support for young people working in this area. The visit to two various secondary schools as a sample of an educational system was very impressive experience. We really enjoyed a cooking class to learn how to prepare the Spanish famous traditional meal – Paella.

To reach our project activities we used as a public transport and two private cars for two intensive days.

LODGING

For keeping our privacy and relaxing after demanding days we were accommodated in the single rooms in a very nice hostel Maestre in Córdoba. The rooms were comfortable and clean and the staff was very kind. The hostel offers meals as well but we chose just breakfast.

Availability of the representative of DIANSE SL- E.C.L.A.C

During our stay the representative Antonia Navas Navarro was in touch with us every morning and later she acted as our interpreter.

- Would you recommend the services of DIANSE SL-E.C.L.A.C.?

We were satisfied with everything and we enjoyed staying and meeting new nice people, culture and life in this part of Spain, therefore we would recommend going there and we wish everybody had the same feeling as we still keep.

DATE, STAMP AND SIGNATURE : 14. 4. 2018

ANTONIA NAVAS NAVARRO. Head of the Mobility Program Department.
